Associate Professor
University of Queensland
Orthopaedic Surgeon

Level 7, Suite 7.5
St Andrew's Specialist Suite
457 Wickham Terrace
Spring Hill Qld 4000

7 August 2025

To Whom It May Concern,

It is with great confidence and genuine professional admiration that I write this letter of recommendation for Dr. Rohit Sane. I have had the privilege of working closely with Dr. Sane during his tenure as a 1-year Fellow at our Australian Orthopaedic Association-accredited Shoulder Fellowship in Queensland, and I am pleased to endorse him for any advanced orthopaedic position he may seek.

From the outset, Dr. Sane distinguished himself as an exceptionally skilled and insightful orthopaedic surgeon. His depth of clinical knowledge, particularly in shoulder arthroscopy and complex reconstructive procedures, is matched by his surgical finesse and meticulous attention to detail. Whether in the operating theatre, outpatient clinics, or during multidisciplinary case discussions, Rohit has consistently demonstrated sound clinical judgment, academic curiosity, and the humility that defines a great surgeon.

One of Dr. Sane's most commendable traits is his unwavering commitment to continual learning and patient-centered care. He displays a thoughtful, evidence-based approach to surgical decision-making and a remarkable ability to adapt to evolving challenges. Throughout his fellowship, he played an integral role in managing a high volume of complex shoulder cases, including rotator cuff repairs, instability procedures, and shoulder arthroplasty.

Equally impressive is Dr. Sane's conduct as a colleague. He is articulate, composed under pressure, and generous in his support of team dynamics. His professional integrity, affable nature, and willingness to mentor junior staff reflect the leadership potential that I believe will shape him into a prominent figure in shoulder surgery in the years to come.

In sum, I hold Dr. Rohit Sane in the highest regard both professionally and personally. He will undoubtedly be a tremendous asset to any institution, and I offer him my wholehearted recommendation for any orthopaedic or academic appointment he pursues.

Should you require any further information, please do not hesitate to contact me.

Warm regards,

Dr. Kenneth Cutbush
Orthopaedic Shoulder Surgeon
